

St Anne's Primary School, Denton
Equality Scheme 2019-2022 (1.3)

1. Statement

This scheme outlines the commitment of the staff and Governors of St Anne's Primary School to promote equality. We will work to ensure that groups with the protected characteristics of gender, race, disability, age, gender reassignment, religion and belief, pregnancy and maternity, marriage and civil partnership and sexual orientation are free from discrimination and harassment. Our school will tackle the barriers which could lead to unequal outcomes for identified groups, ensuring there is equality of access and that we celebrate and value the diversity within our school community.

- a) In accordance with our mission statement and school aims we pledge:
- to respect the equal human rights of all our pupils
 - to positively promote equality and diversity
 - to tackle the barriers which could lead to unequal outcomes for identified groups of pupils
 - to educate pupils about equality
 - to respect the equal rights of our staff and other members of the school community.
- b) We will assess our current school practices ("Equality Impact Assessment") and implement all necessary resulting actions in relation to:
- Gender
 - Race
 - Disability
 - Religious belief
 - Age
 - Sexual orientation
 - Socio-economic background and other protected characteristics
- c) We will promote community cohesion at school, local, national and global levels, comparing our school community to its local and national context and implementing all necessary actions in relation to:
- ethnicity,
 - religion or belief, and
 - socio-economic background.

2. Statutory requirements

The equality objectives in Section 10 below address our duties under current equality legislation, up to and including the Equality Act 2010. They also relate to the Tameside Council procedure for recording incidents involving pupils in schools.

The access plan in Section 11 below addresses our duty under the Special Educational Needs and Disability Act (SENDA) 2001.

The community cohesion plan in Section 12 below addresses our duty under the Education and Inspections Act 2006. (This can be a separate document)*

3. **Community cohesion: a shared contextual statement**

The following statement outlines both the data and current issues relating to ethnicity, religion/belief and socio-economic factors. In examining the school's context, it relates closely to the beginning of the SEF. It demonstrates the awareness of the governors and their community partners of how the school community compares with the wider community, both locally and nationally. It therefore forms the basis for planning the actions in Section 12 below to promote community cohesion.

- Ethnicity/culture context of the school (local and national)

2019 Minority ethnic group figures – School 8.9%

- Religion/belief context of the school (local and national)

Ongoing consultation to become Voluntary
Controlled Church of England Primary School

- Socio-economic context of the school (local and national)

2018 Free School Meal figures - School 14.6%

2018 Deprivation Indicator - School 0.2 (Middle 20%)

- Current issues affecting cohesion at school, local and national level

Very low percentage of children from minority ethnic groups means children have limited opportunities to mix with children from wide range of cultural backgrounds in school situation

The scheme will be kept under regular review in **May 2020** and **2021** and then replaced in **May 2022**.

7. **How we report on progress and impact**

A report on progress with the actions listed below will be published by the governors via the school website at the end of each school year, i.e. July 2019, 2020 and 2021.

Evidence will also be kept of the impact of our actions to promote community cohesion, in respect of ethnicity, religion or belief and socio-economic background.

8. How we conduct equality impact assessment

This section outlines our process for monitoring the potential impact of school practice in terms of

- ethnicity
- religion or belief
- socio-economic background
- gender and gender identity
- disability
- sexual orientation
- age
- pregnancy and maternity

And other protected characteristics

We work hard to ensure the needs of all children are met through whole class, group and one-to-one support. Individual targets are set for all children and progress monitored at least half-termly.

Equality objectives identified by this process should be included in the three-year plan in Section 10 below, or in the School Improvement Plan as appropriate.

Evidence of this process can be found in the Headteacher's report to Governors.

9. How we chose our equality objectives

Our equality objective-setting process has involved gathering evidence as follows:

- i. from the equality impact assessments listed in Section 8 above,
- ii. from the following data

Children's targets and areas for improvement

Monitoring and analysis of ASP data – including Special Educational Needs children and those on Free School Meals/Pupil Premium Ever 6

- iii. and from involving relevant people (including disabled people) from the start in the following way:

Regular contact with parents and Carers (Headteacher, Deputy Head in her absence, and at least one other member of staff available in the playground every morning)

Annual surveys

The context of the school and comments from stakeholders were then analysed in order to choose objectives that will:

- i. promote equality of opportunity for members of identified groups
- ii. eliminate unlawful discrimination, harassment and victimisation, and
- iii. foster good relations between different groups in terms of
 - ethnicity
 - religion or belief
 - socio-economic background
 - gender and gender identity
 - disability
 - sexual orientation

- age
- pregnancy and maternity

And other protected characteristics

10. Three-year equality objectives 2019-2022

12. Three-year community cohesion plan 2019-22

The choice of appropriate actions to promote community cohesion is based on the needs identified in the contextual statement in Section 3 above, relating to ethnicity, religion or belief and socio-economic background.

For this purpose, the four geographical dimensions of “community” are as follows:

- the school community
- local communities
- communities across the UK
- the global dimension
