

St Anne's Primary School

Curriculum Intent Statement

At St Anne's Primary School the curriculum is designed to: recognise children's prior learning, provide first hand learning experiences, allow the children to develop interpersonal skills, build resilience and become creative, critical thinkers.

Every child is recognised as a unique individual. We celebrate and welcome differences within our school community. The ability to learn is underpinned by the teaching of basic skills, knowledge, concepts and values. We constantly provide enhancement opportunities to engage learning and believe that childhood should be a happy, investigative and enquiring time in our lives where there are no limits to curiosity and there is a thirst for new experiences and knowledge. We use the School Values to promote positive attitudes to learning which reflect the skills needed to promote responsibility for learning and future success.

Our aim is that children will leave St Anne's with the confidence and skills to make decisions, self-evaluate, make connections and become lifelong learners.

Love to Investigate
