

St Anne's

Primary School, Denton

In science, we find out about and study the world around us. We observe, describe, ask questions, experiment, investigate and work as a team in order to find patterns and reach conclusions. We recognise how science is useful and necessary in our daily lives.

Science at St. Anne's is...

- Creative
- Engaging
- Child led
- Investigative
- Discussion filled
- Full of resources
- Focused on working scientifically
