What are the Hazards?	Who might be harmed and how?	Risk Rating	Current Control Measures	Risk Rating with Control Measures in place	Are risks adequately controlled for work task to go ahead, or will further control measures be required? (Detail any additional measures)	Action required by Whom	Date action required by
Direct or Indirect transmission of COVID -19 virus from being in close proximity to people with the virus. i.e. person to person transmission (hand to hand, hand to mouth, hand to body). Or	School employees parents, pupils and the general public Ill health (e.g. Respiratory symptoms, fever, cough, shortness of breath In more severe cases, infection can cause pneumonia,	H	Attending the setting No child or adult will attend the setting if; <ul style="list-style-type: none"> they have any symptoms of COVID 19 or live with someone who is showing symptoms of COVID 19 (including a fever and/or new persistent cough) have tested positive in the last 10 days or are living with someone who has They have arrived from a red list country in the last 10 days 	M	These controls will be reviewed whenever there is an update in guidance from the UK government All staff are encouraged to get the vaccine This risk assessment will be shared with all members of staff	KR	July 2021

RISK ASSESSMENT

from contact with contaminated surfaces.	severe acute respiratory syndrome, kidney failure and even death)		<ul style="list-style-type: none"> They have not been double vaccinated in the UK and have returned from an amber list country in the last 10 days <p>From August 16th no child or adult will attend the setting if;</p> <ul style="list-style-type: none"> they have any symptoms of COVID 19 have tested positive in the last 10 days <p>From August 16th no adult (over the age of 18) will attend the setting if;</p> <ul style="list-style-type: none"> they have not been double vaccinated in the UK and have been identified as a close contact of a positive case in the last 10 days 		Any contractors/visitors will be advised of any control measures they are required to adopt whilst on site.		
			Hand and respiratory hygiene All staff and pupils will be encouraged to continue with regular, thorough handwashing/sanitising Good respiratory hygiene practices will continue to be encouraged through the 'catch it, bin it, kill it' approach			All staff	Ongoing
			Cleaning regimes Cleaning is carried out in line with the guidance COVID-19: cleaning in non-healthcare settings outside the home - GOV.UK (www.gov.uk) <ul style="list-style-type: none"> General cleaning is undertaken twice per day Staff will monitor throughout the day and regularly clean high frequency touchpoints/surfaces Equipment which is used by multiple classes, and can be cleaned, is cleaned at least daily 			KR	September 21
			Ventilation Where it is possible to do so, windows are open to increase ventilation.		Poorly ventilated areas are to be identified and consideration	KR	September 21

RISK ASSESSMENT

			<p>Where it is safe to do so internal doors are open to increase ventilation and air flow.</p> <p>Fire doors which protect escape routes are not propped open.</p>		given as to how fresh air flow can be improved		
			<p>Additional PPE (beyond that which would normally be used regardless of covid 19)</p> <p>Additional PPE is only required in school;</p> <ul style="list-style-type: none"> if an individual child, young person or student becomes ill with coronavirus (COVID-19) symptoms and only then if a distance of 2 metres cannot be maintained when performing aerosol generating procedures (AGP's) <p>The PPE that should be used in the following situations when caring for someone with symptoms of coronavirus (COVID-19) is:</p> <ul style="list-style-type: none"> a face mask should be worn if a distance of 2 metres cannot be maintained if contact is necessary, then gloves, an apron and a face mask should be worn eye protection if a risk assessment determines that there is a risk of fluids entering the eye, for example, from coughing, spitting or vomiting <p>Staff performing AGPs in school settings should follow 6. COVID-19 infection prevention and control guidance: aerosol generating procedures – procedures that create a higher risk of respiratory infection transmission - GOV.UK (www.gov.uk) They should also wear the correct PPE, which is:</p> <ul style="list-style-type: none"> a FFP2/3 respirator gloves 			KR	September 21

RISK ASSESSMENT

			<ul style="list-style-type: none">• a long-sleeved fluid repellent gown• eye protection				
			Asymptomatic Testing – Staff Staff will be advised to continue to carry out twice weekly LFD testing at home for any periods they are coming onto the school site. Any staff testing positive on LFD will self-isolate and get a PCR test		This will be reviewed at the end of September	KR	September 21
		H	Child or adult becomes symptomatic on site Any child or adult who displays symptoms whilst on site will be; <ul style="list-style-type: none">• sent home and advised to get a PCR test• advised to self-isolate pending the result of their PCR test Whilst a child is awaiting collection, they will be moved, if possible and if appropriate, to a room where they can be isolated behind a closed door. Where it is not possible to isolate them they will be moved to an area which is at least 2 metres away from other people. The school specific isolation area is – Mobile classroom The isolation area, and any bathroom facilities they may have used whilst waiting to be collected, will be cleaned and disinfected using standard cleaning products before being used by anyone else	M	Advice is given to families/staff not to travel home on public transport if symptomatic.	KR	September 21
		H	Educational Visits Educational Day Visits and Domestic Residential Visits are organised with consideration of hygiene requirements and other controls to reduce the risk of transmission of covid 19.	M	Visits have their own separate risk assessment	AF	September 21

RISK ASSESSMENT

			International visits will not take place before the start of the autumn term.		The school reviews the measures in place for any service on an educational visit (day or residential) provided by a 3 rd part supplier		
			Contact Tracing (NB - For the final week of term the school will continue to contact trace with the support of Population Health.) Contact tracing will be undertaken by NHS Test and Trace The school will co-operate with NHS T&T if contacted by them for assistance in identifying close contacts. Close contacts of a positive case will be advised to take a PCR test Close contacts of a positive case who have not been double vaccinated in the UK and are over the age of 18yrs and 4 months will be required to isolate for 10 days Children under the age of 18ys and 4 months will not be required to isolate if identified as a contact of a positive case. Adults who have been double vaccinated in the UK will not be required to isolate if identified as a contact of a positive case.			KR	July 21
		H	Outbreak In the event of several positive cases in the school setting the school will liaise with the DfE	M	If instructed by the Director of Public Health, The school will implement the measures (as deemed applicable) within their Covid 19 risk assessment	KR	September 21

RISK ASSESSMENT

					which has been in place prior to step 4 of the roadmap
